While it's true most Dragons are cruel, the Shivan Dragon seems to take particular glee in the misery of others, often tormenting its victims much like a cat plays with a mouse before delivering the final blow.

you are not wearing any panties under those hot-pants! even if it's only me you are being way too defenseless

Even her pussy can be seen slightly

If she shows me her grown up "female" parts from this close---

now that you mention it, we used to go into the bath quite often together before. along with my little sister

we used to make such a ruckus that mama would get mad at us... watching you like this made me remember that

You are the one who doesn't get it. It's not something you can reason with. It has nothing to do with me being a human and you being a demon. I'm driven by the inability to forgive him! How to apply for a beautiful skin glow

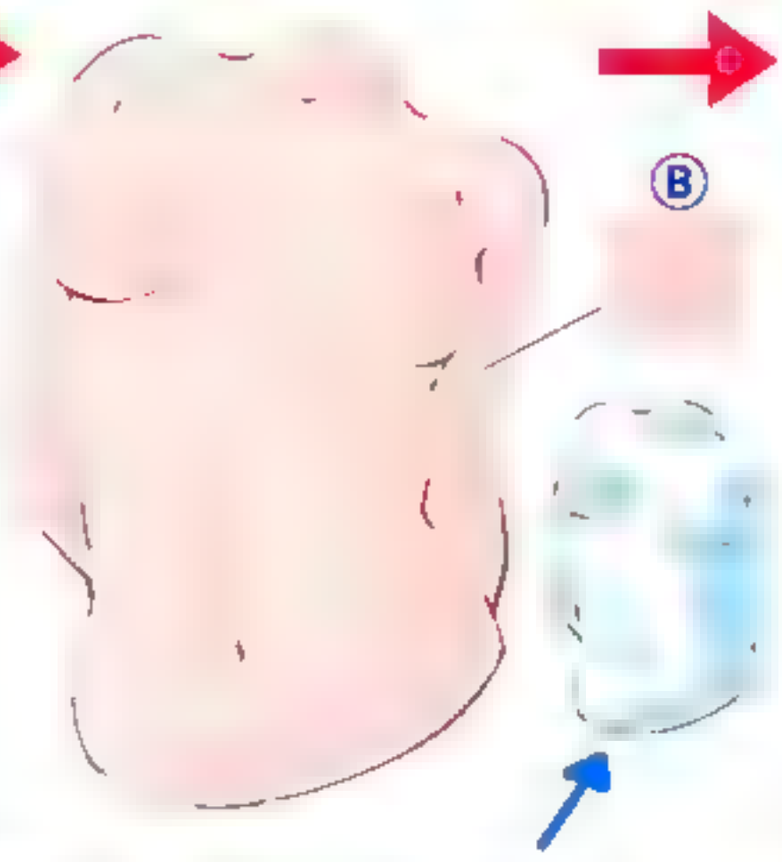
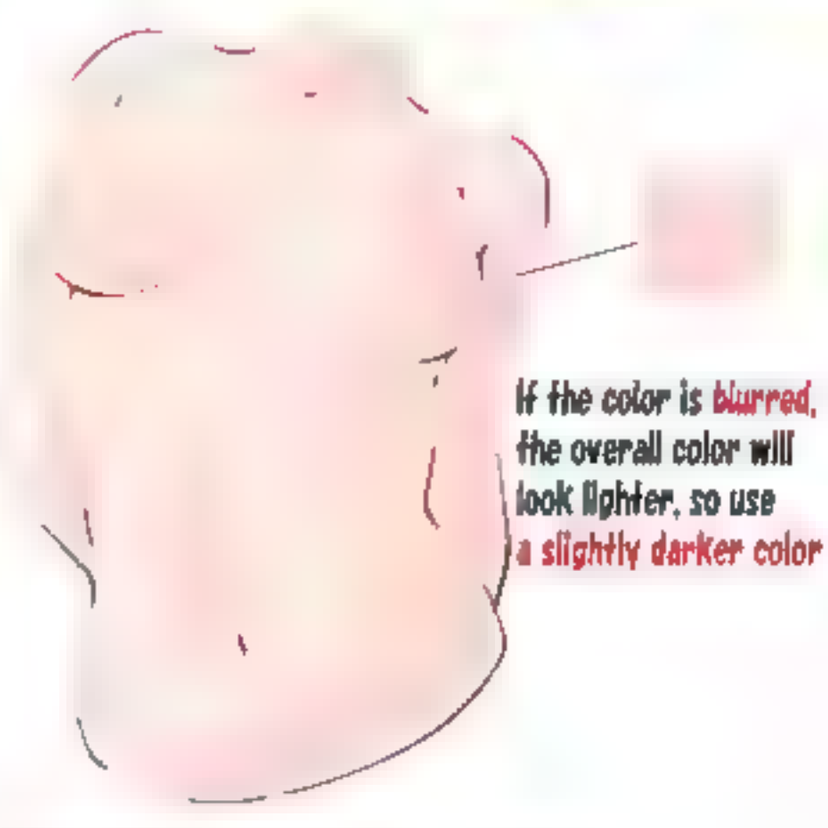
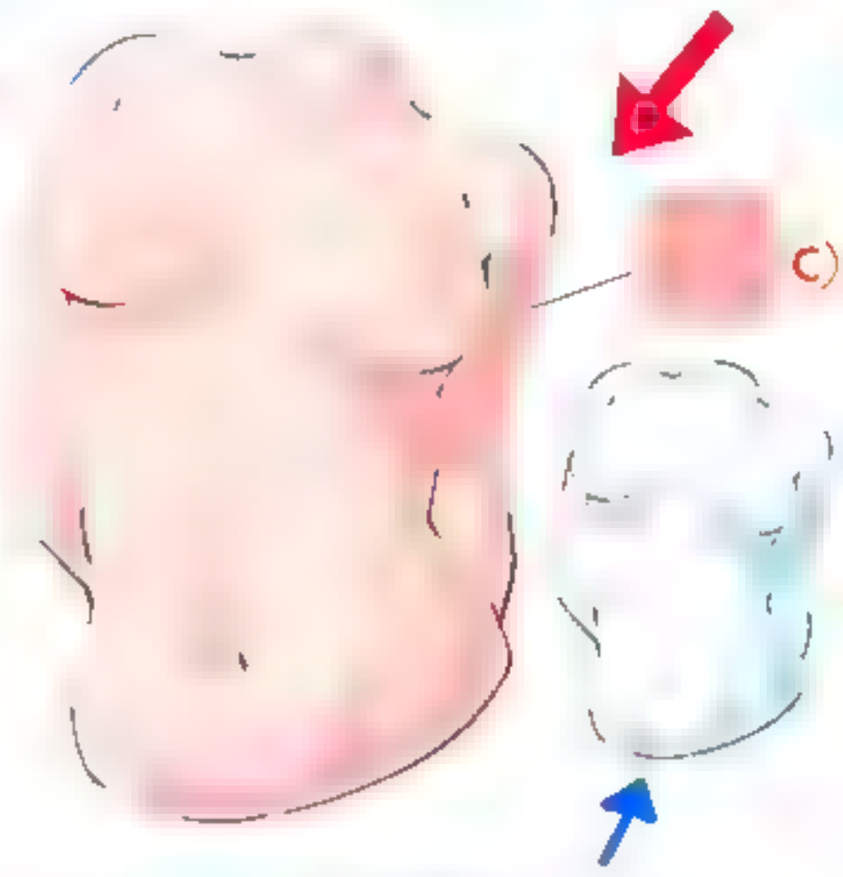
1) Paint color A all over the entire area



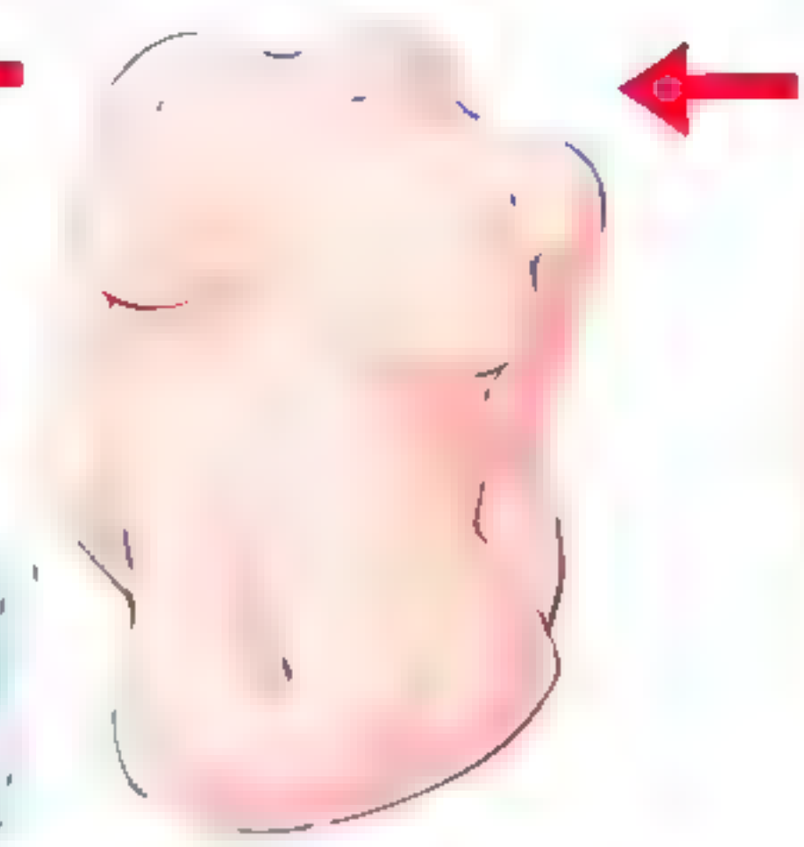
2) Paint color B as a shadow on this position



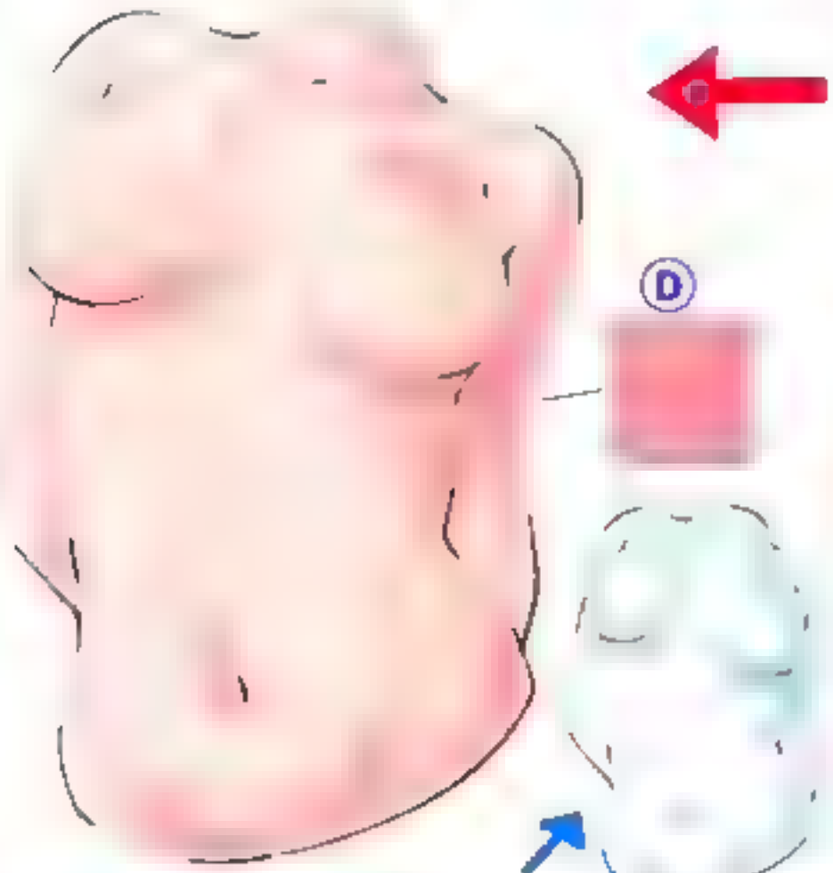
3) Blur the shadow color applied in 2. so that it blends in (The trick is to draw it blurred like smoke)



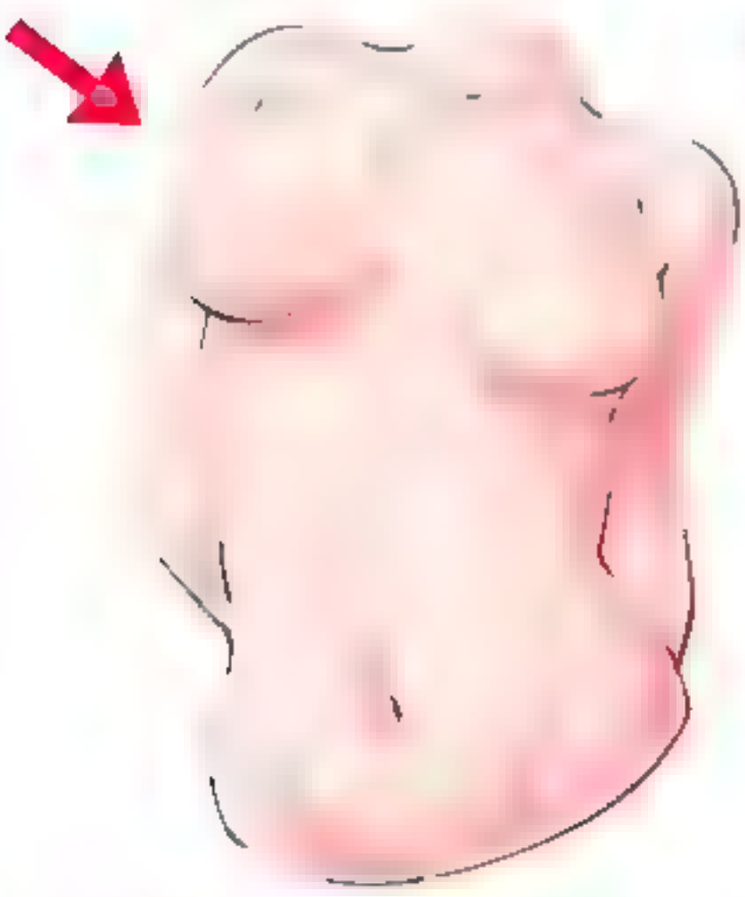
4) Add a shadow to this position with a darker c color



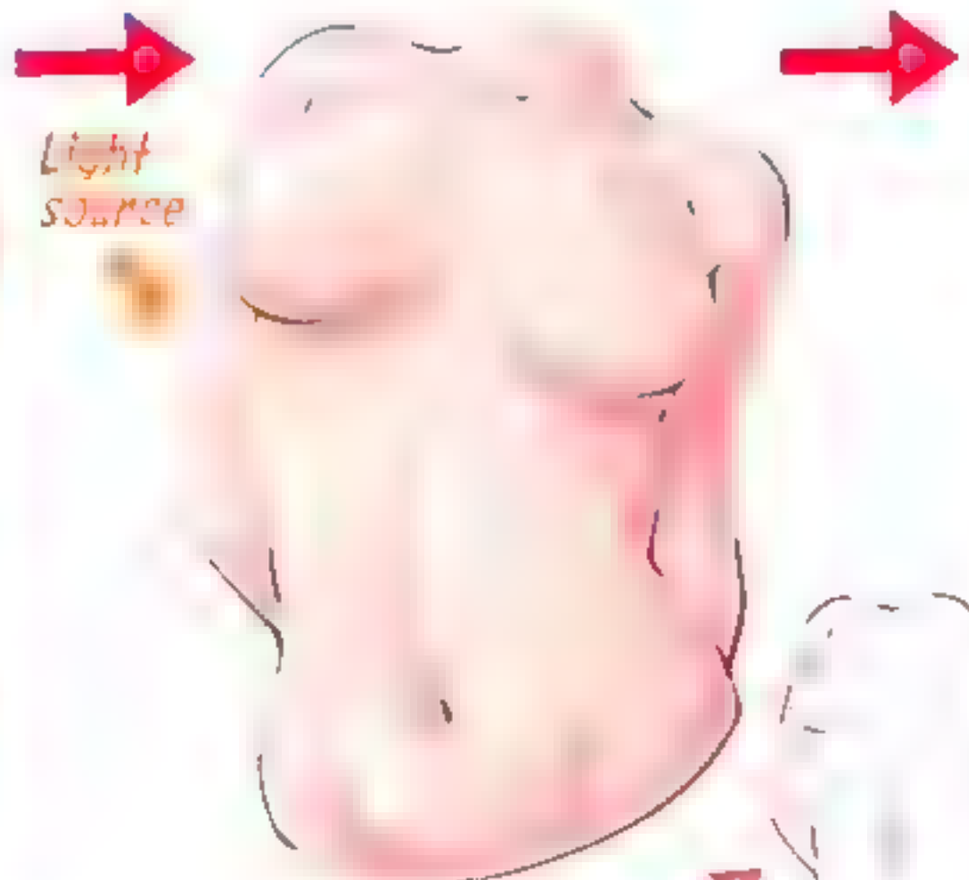
5) Blur the shadow applied in step 4 as in step 3



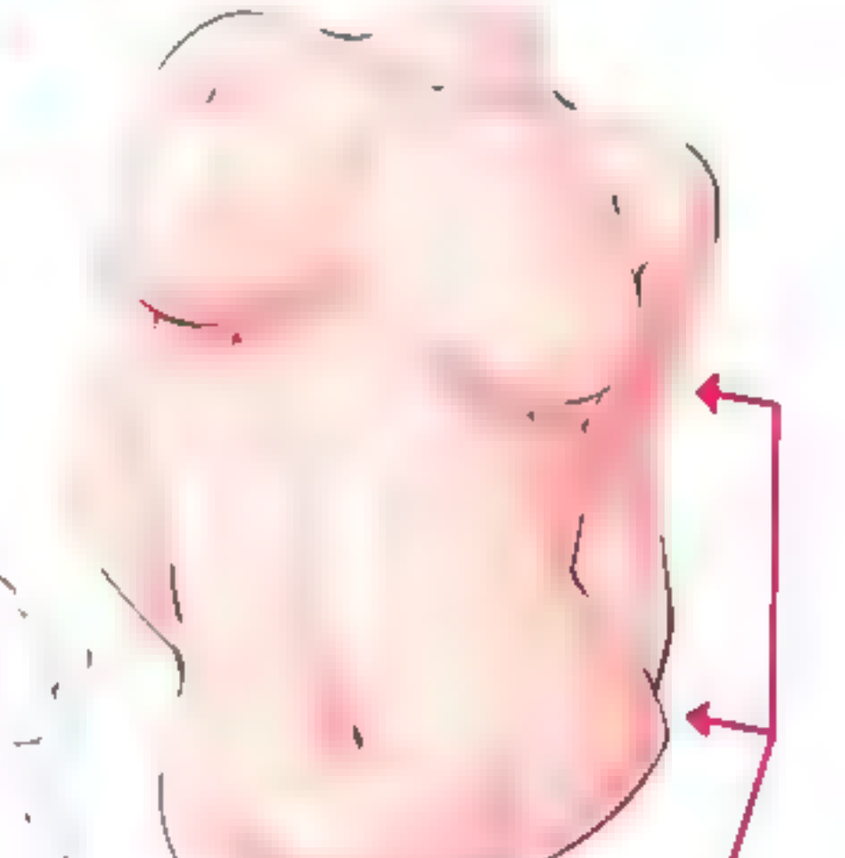
6) Add the last shadow in a fine position using the darkest color D (if the color D is too dark, you can use the color C)



7) Blur the shadow in step 6, and the skin color application is complete



8) Add white gloss to this position (light source is upper left)



9) Add white gloss under the chest and in the shadows to complete the process

The "strength of the line" is also effective on the face!

The trick is not to make the lip lines too close together.

SO YOU'RE ONE OF THESE SO-CALLED "WRATHFUL SPIRITS".

INTERESTING...

NOW I CONFESS I'M NOT THE MOST ERUDITE WHEN IT COMES TO PROVIDE "LOVE AND JOY".

BUT I DO PRIDE MYSELF ON KNOWING A WIDE RANGE OF WAYS AND TRICKS TO MAKE SOMEONE,

ANYONE,

LAUGH TO THEIR HEART'S CONTENT FOR A... NOTABLE AMOUNT OF TIME.

MY MOTHER TOLD ME ABOUT YOUR KIND.

SHE SAID THE ONLY WAY TO GET YOU TO LEAVE IS TO DROWN YOU WITH ALL THE UNCONDITIONAL LOVE AND JOY YOU DIDN'T RECEIVE DURING YOUR PREVIOUS LIFE.

YOU MADE IT THIS FAR, SO YOU BETTER NOT DISSA- POINT NOW, DARLING.

Number 99: Utopic Dragon

[Dragon/Xyz/Effect]

3 Level 10 monsters
You can also Xyz Summon this card by discarding 1 "Rank Up Magic" Spell Card and using a "Utopia" monster you control as the Xyz Material (Xyz Materials attached to that monster also become Xyz Materials on this card.) Once per turn: You can target 1 "Number" monster in your Graveyard; Special Summon it in Defense Position, but its effects are negated. During either player's turn, when a monster effect is activated that targets this face-up card: You can detach 1 Xyz Material from this card; negate the activation, and if you do, destroy that card

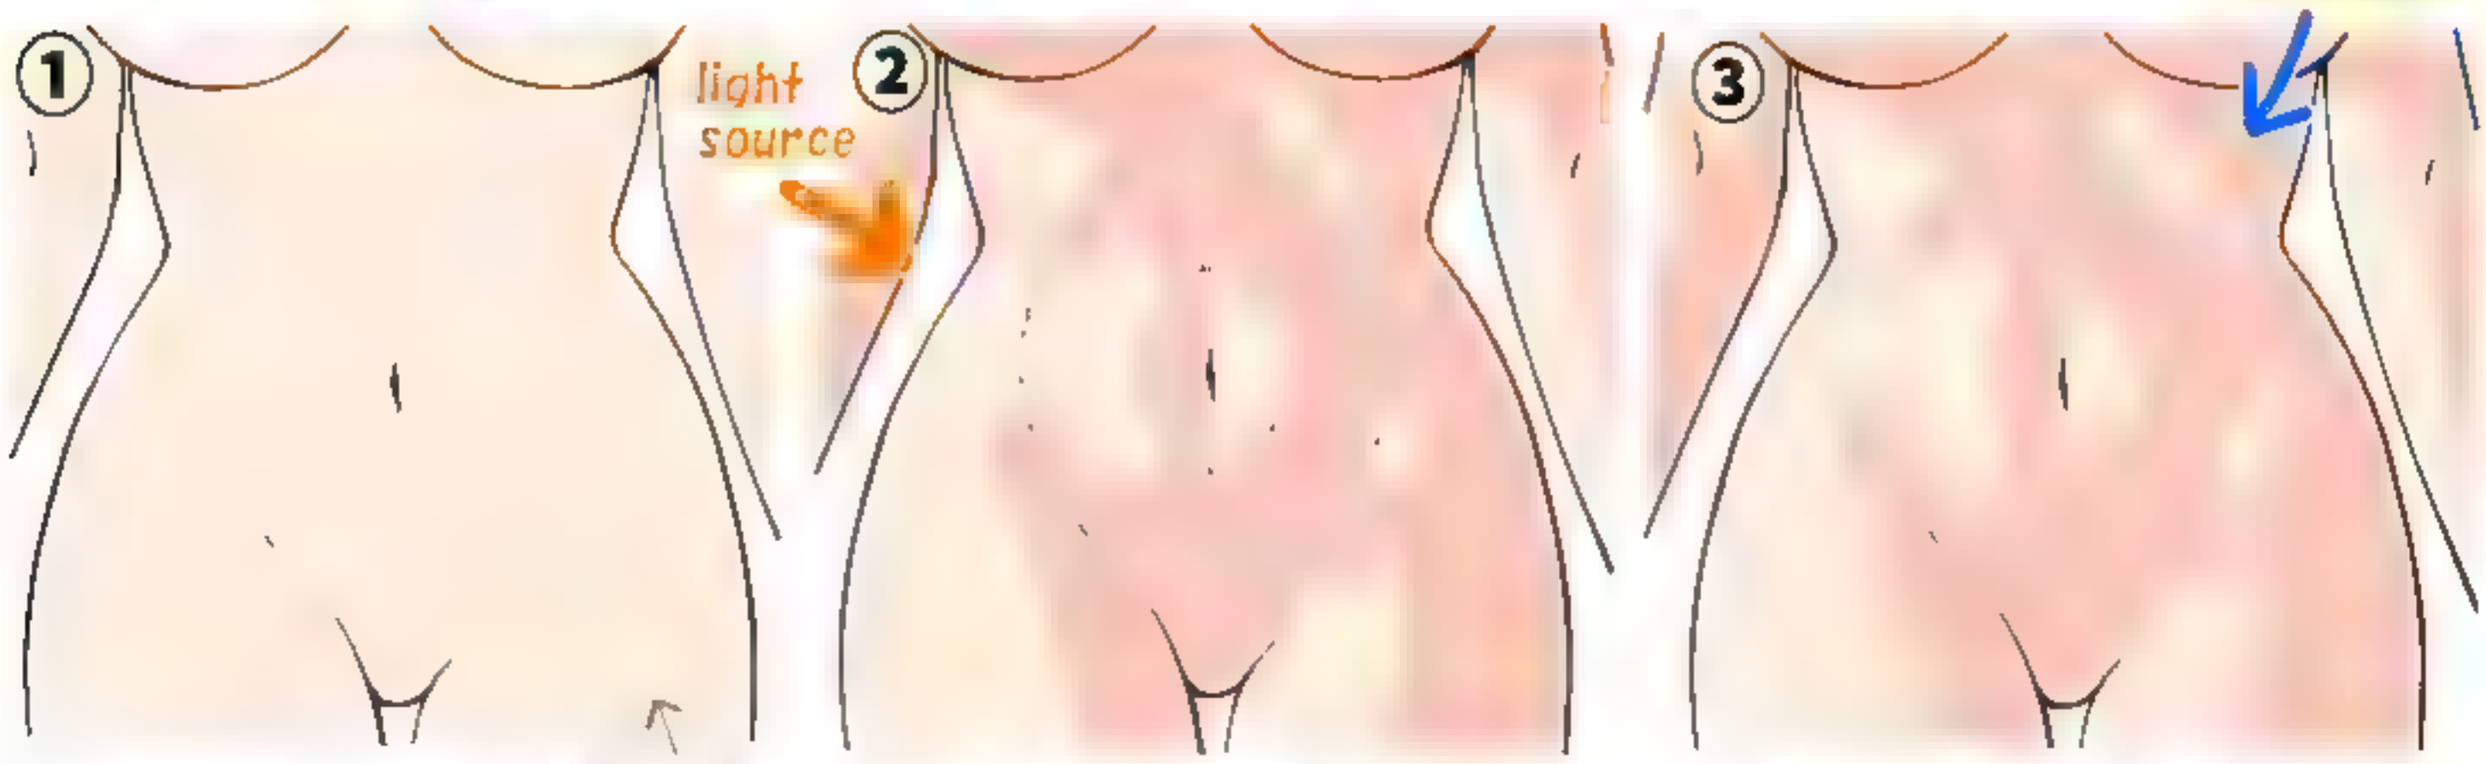
How to paint the abdominal muscles

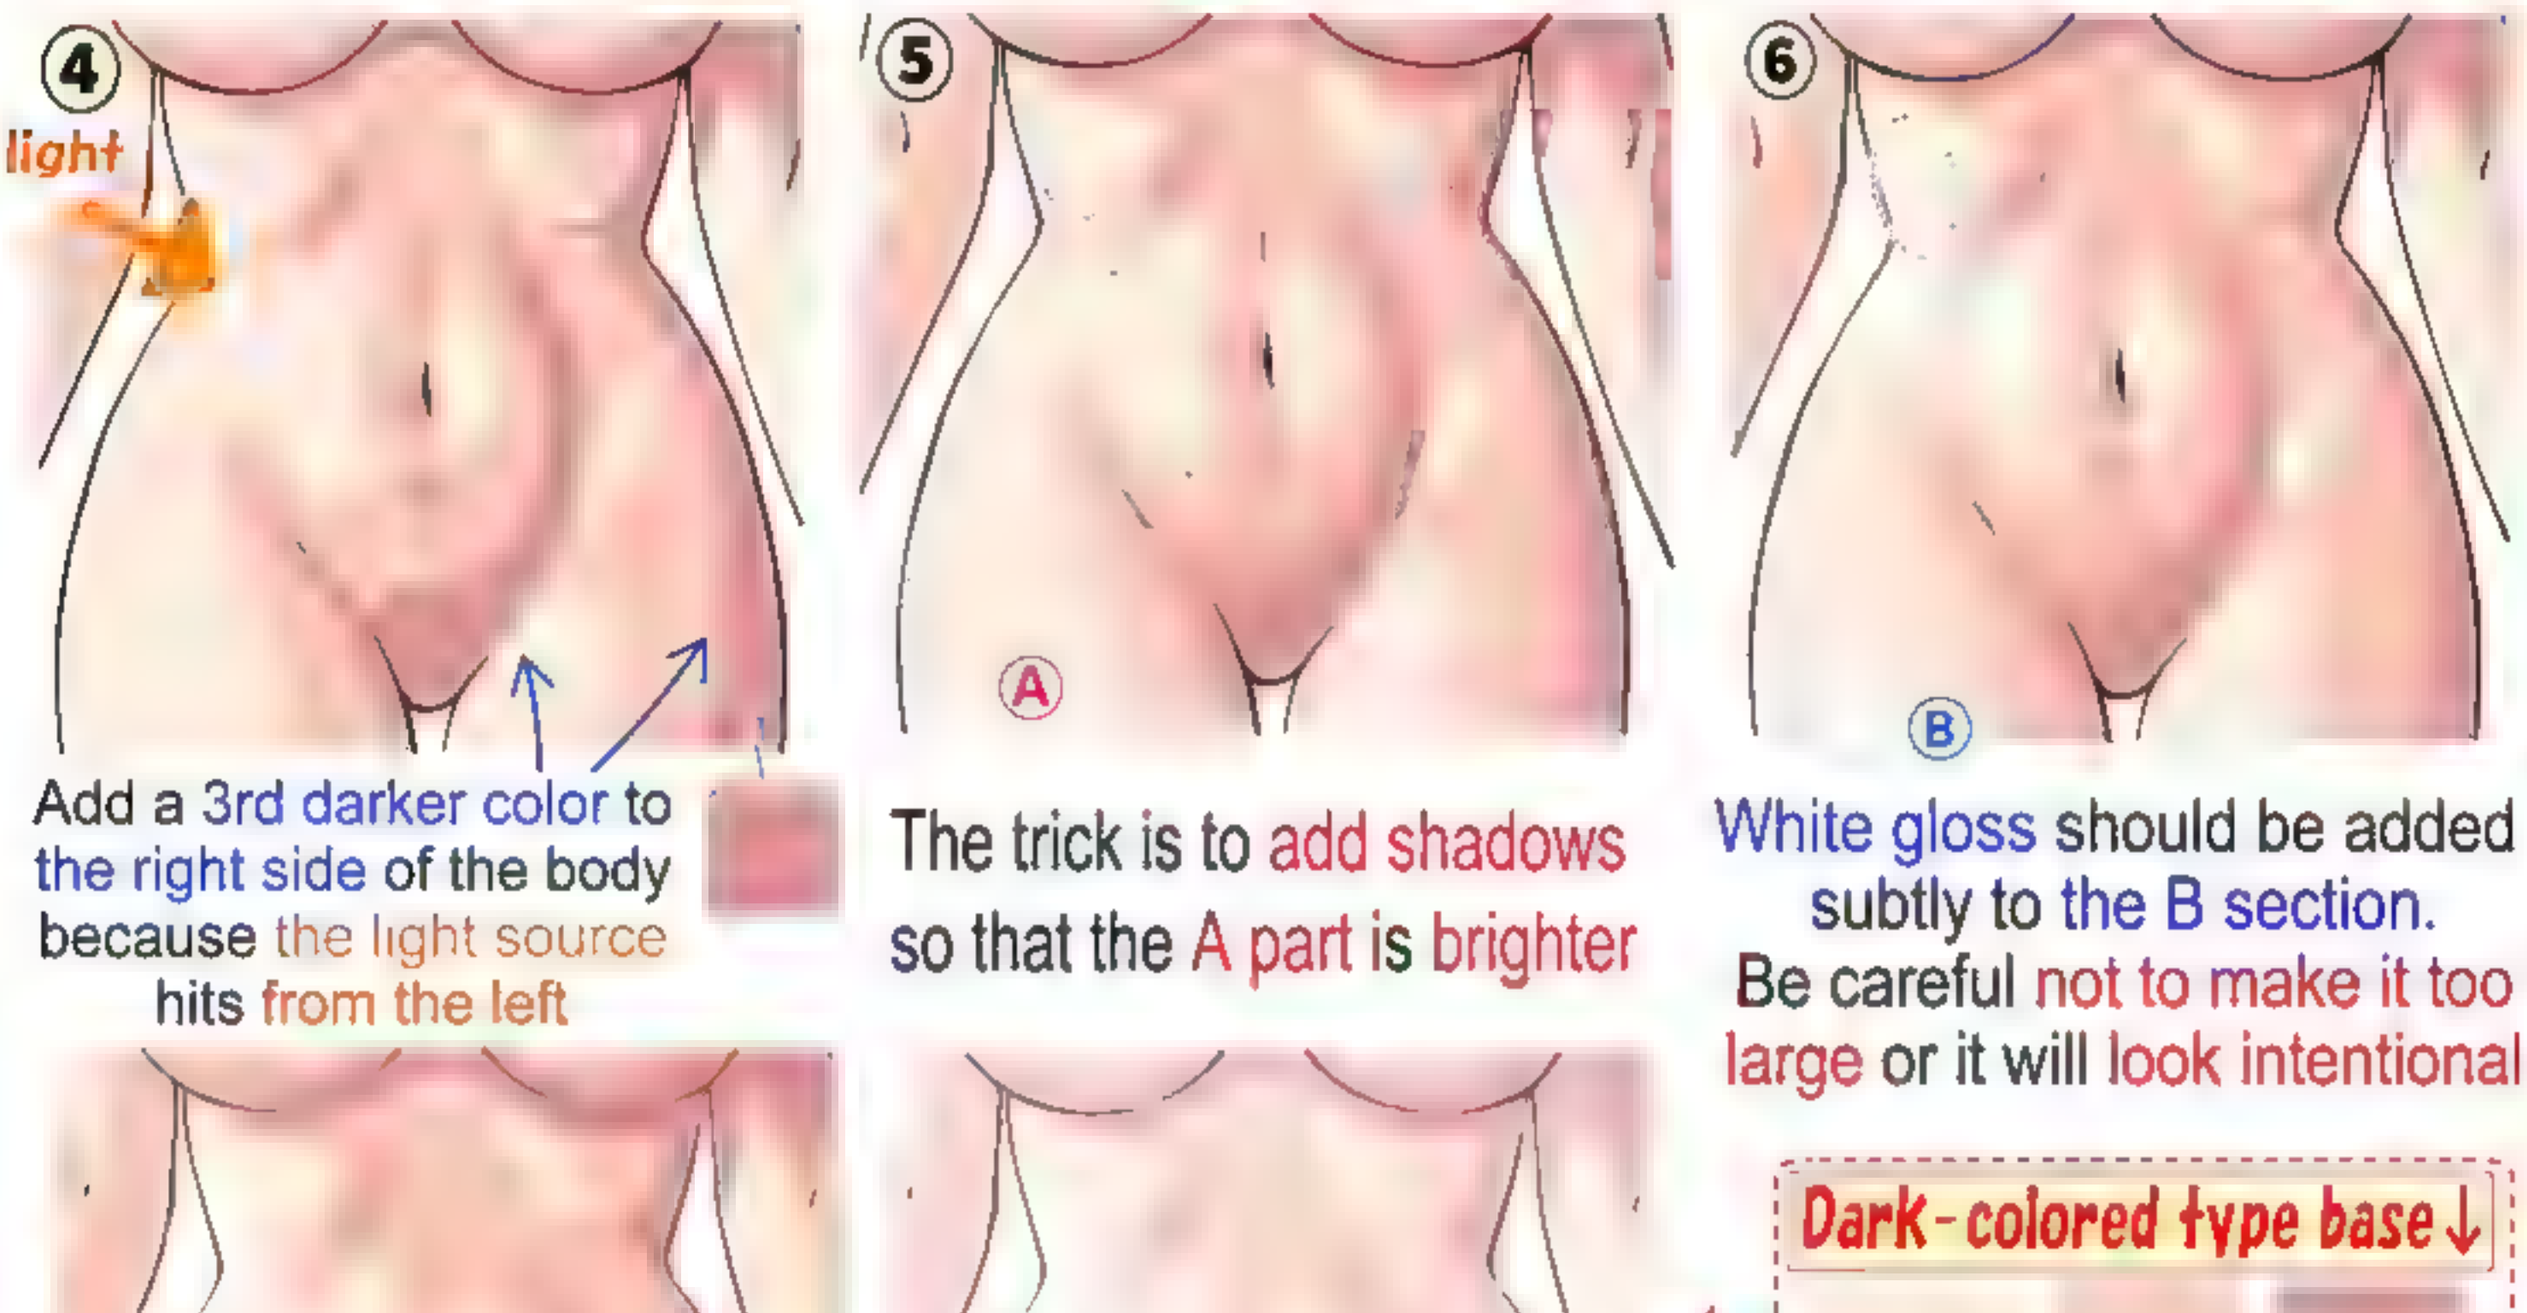


White type base >

Dark-colored type base >

The abdominal muscles are painted to resemble the 3D shape of a donut

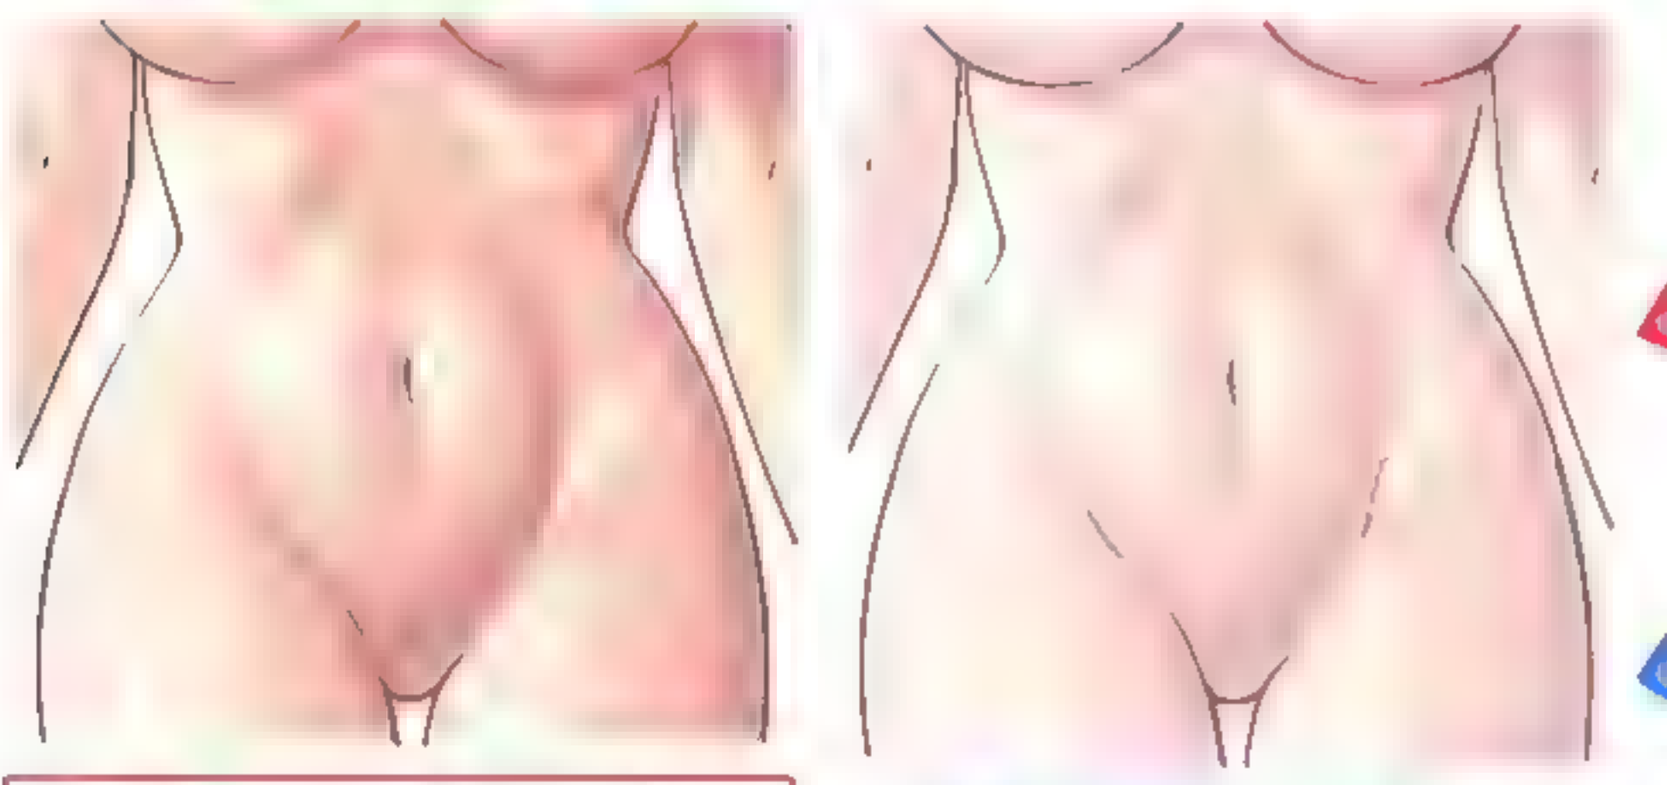
More realistic if the bulge caused by the ribs under the chest is expressed



Add a 3rd darker color to the right side of the body because the light source hits from the left

The trick is to add shadows so that the A part is brighter

White gloss should be added subtly to the B section.
Be careful not to make it too large or it will look intentional



Dark-colored type base

White type base

Dark-colored type base↓

White type base↓

By remembering the 3D structure of the abdomen it is possible to apply color to the light source from any direction

Changing the position of the light source also changes the position of the gloss and shadow

When a "Story"cel say something so Kashiphobic you gotta hit 'em with the "That's how losers think" Stare

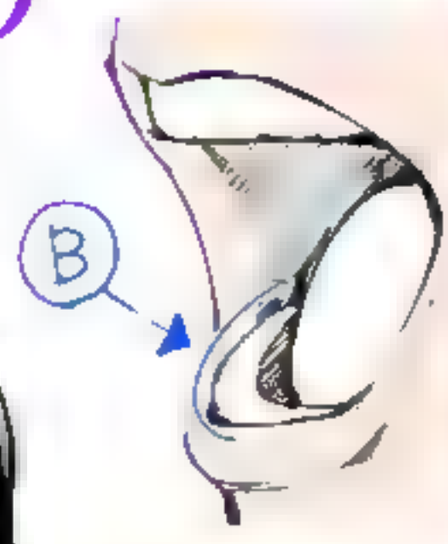
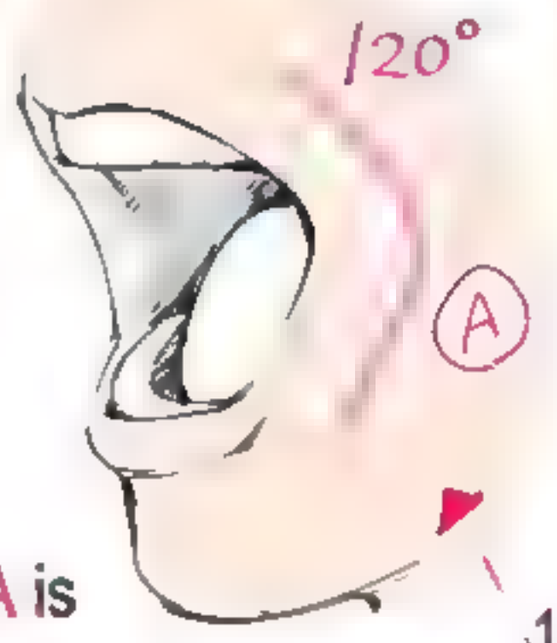
1) The face is slanted, but the mouth A is at a true frontal angle

2) Chin B is too pointed





1) Mouth line A in the foreground is at a 120 degree angle

2) Tooth B is drawn to curve to the back of the mouth

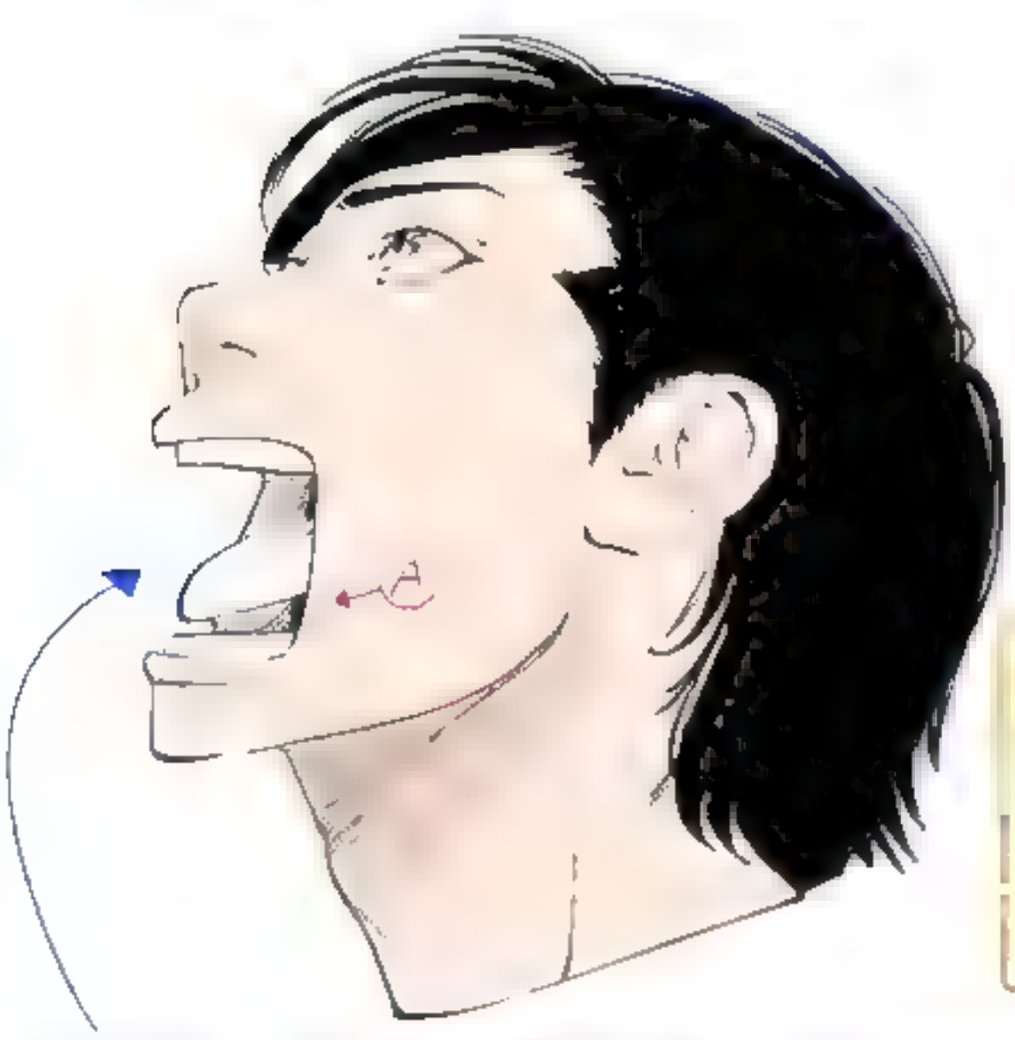
1) Long maxillary A

2) Since the angle is looking down from above, it is natural when the chin and mouth gradually taper downward

Simple composition of the mouth

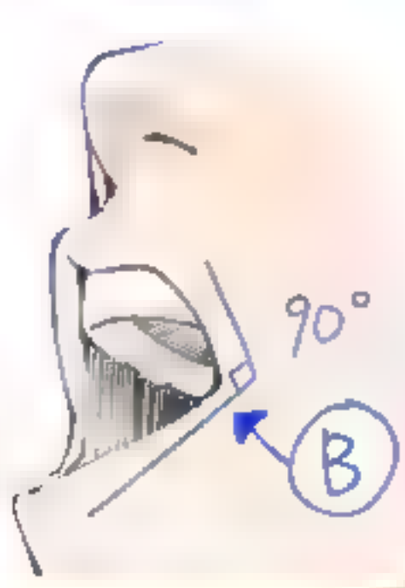
1) The lower jaw appears longer from the upper angle

2) Sharply drawn chin line A by perspective is natural

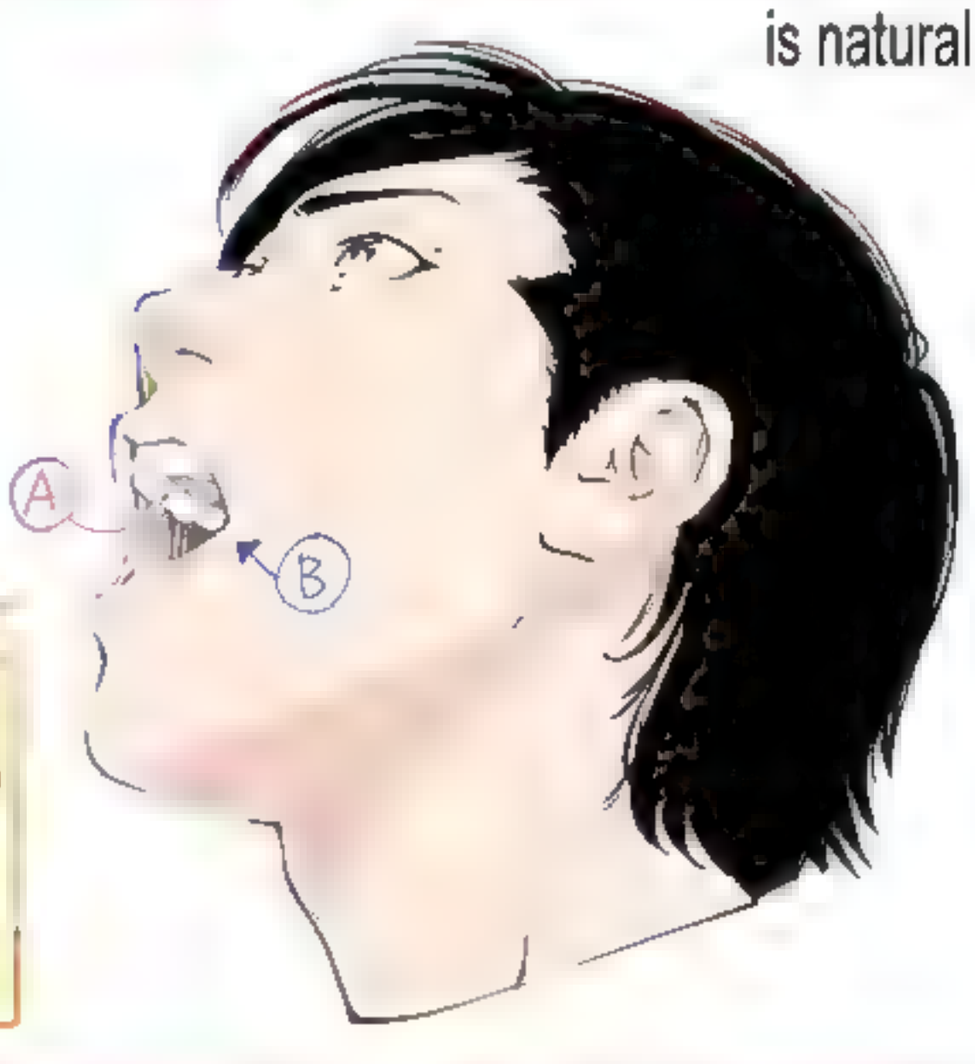


1) No sense of depth in the appearance of the teeth and tongue

2) Line A on the side of the mouth may be too straight



The lower teeth are more natural when they are not visible



1) The backside of upper tooth A is visible for a more three-dimensional effect

2) The corner line of B is drawn at 90 degrees

Lorenzo, you're a machine - how can I be as productive as you?

It's so rewarding to check out the art and creativity of others. It can be incredibly inspiring, and just enjoyable to take it all in. BUT, when it's time to get down to it and work on your own art, to truly focus on your vision of what you want to create, without distractions, you may find it useful to live by these three rules

1) Don't worry about what anyone else is doing.
2) Don't worry about what anyone else is doing.
3) Don't worry about what anyone else is doing.

- Lorenzo!

WE FEEL JUST AWFUL FOR BREAKING YOUR CHAIR. LUCKILY HONEY IS GENEROUS ENOUGH TO SHARE THE ROPE SHE BROUGHT WITH HER. ISN'T THAT RIGHT HONEY?~

如图所示，我们用两条红色线画出胸腔的正侧分界线，上面连接锁骨，下面可以参考胸腔底部凹槽的透视线，这样胸部的透视就更不容易歪。

4.最后，把胸部细化成两个水球的形状，可以拆解成三角形加半球。

5.同学还有余力的话，可以尝试一些进阶的画法，练习绘制受到挤压的胸部结构。

画胸部挤压感的核心是强化曲直对比。如果线条都是软的、曲线的，那就很难表达挤压的感觉，受到挤压时胸部会发生形变，产生比较硬的转折，挤压处的线条由曲线变成直线。

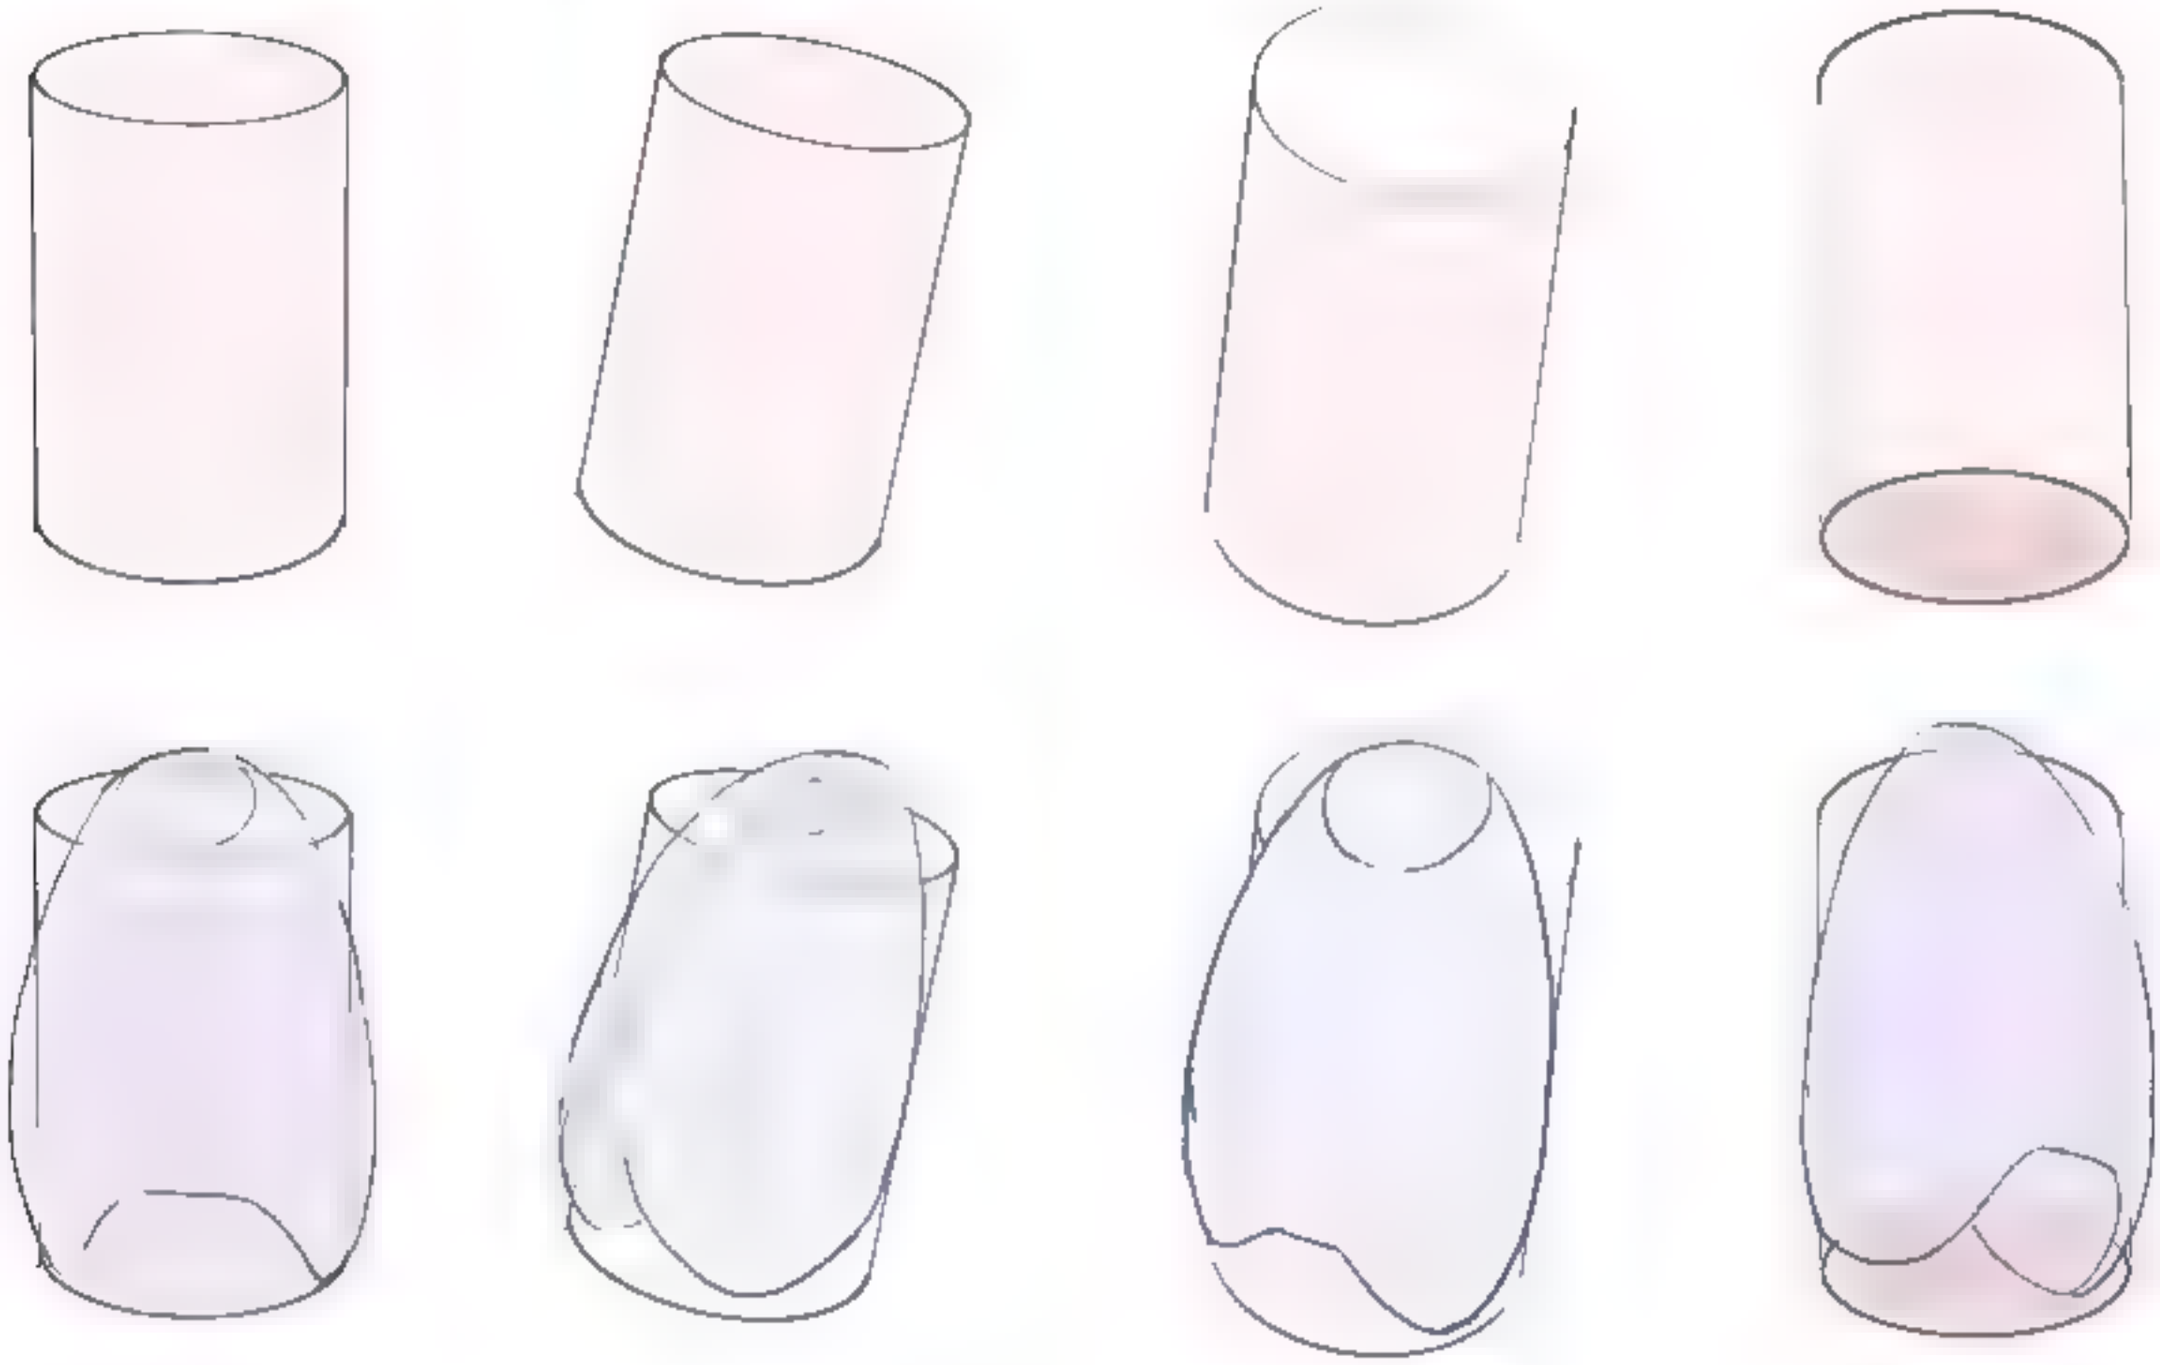
绘制胸部结构的步骤：

1.首先绘制一个圆柱体，确定胸腔的基本比例和朝向。

2.在圆柱中画出胸腔。胸腔是一个蛋型的结构，上方开口处会略高于圆柱，用于衔接脖子。



3.画出胸部整体的体块。这一步可以理解为，先画一个圆弧形的体块（粉色体块），然后两侧用圆弧补全（蓝色体块）。

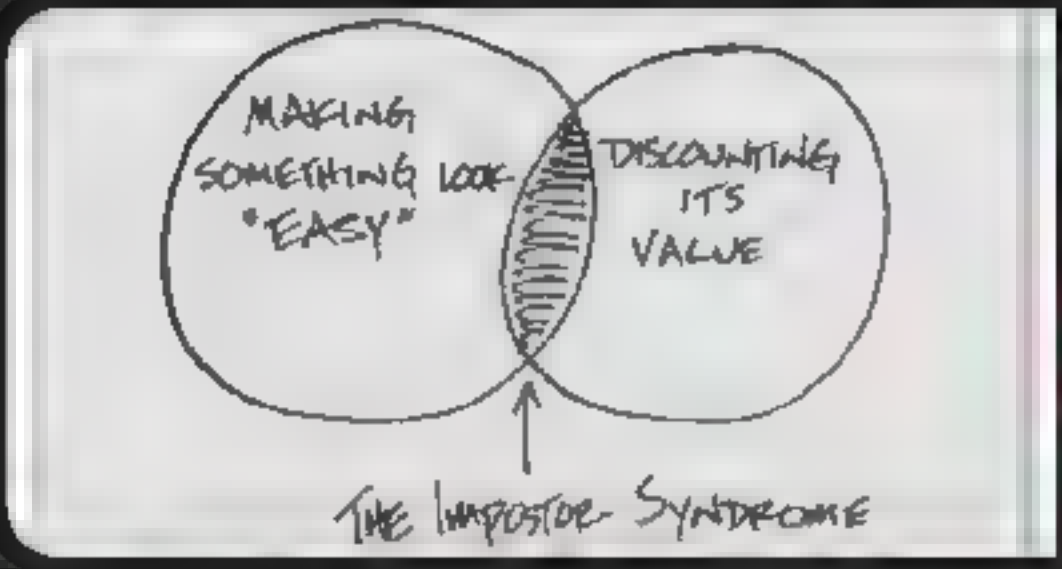
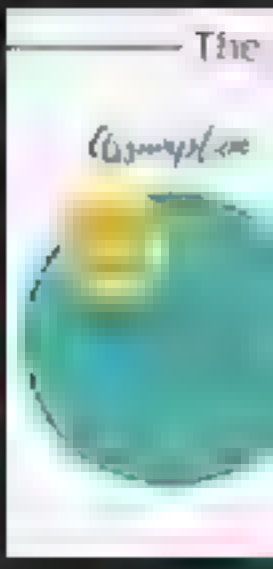
Impostor syndrome





Impostor syndrome, also known as impostor phenomenon, is a behavioral health issue that causes people to doubt their skills, accomplishments, and intellect. It can manifest as a persistent feeling of self-doubt and fear of being exposed as a fraud. People with impostor syndrome may believe they are undeserving of their achievements and the high regard they receive. In relationships, it can lead to feelings of being unworthy of love and affection.

my company gets items for $3 overseas, sells $10. would cost $18 to make in the US. Tariff raises price to $4, I'm upping my price $2. still cheaper to make overseas so no doesn't increase motive. Consumers just pay more. now imagine for EVERY item you buy.

I'm willing to pay more for the money to go in the pockets of American producers and workers. Saving a buck to put money in China's pockets is not a win for me.

Been super drained, lack inspiration to draw, the funeral and loss, two colleagues being let go, other issues and other events.

My story is messy, raw, and real. It's filled with moments I wish I could erase. But it's also a story of resilience, finding peace in the chaos, and discovering a grace that saved me.

For poses with extreme foreshortening, I prefer to use a **simplified mannequin** approach, which helps me visualize the body as a series of abstract, manageable shapes.

This makes complex perspective a lot easier to understand since the shapes are so simple.

For example, seeing the leg as a **simplified** series of cylinders stacked on top of each other helps me:

1. More easily visualize an extreme camera angle or perspective view

2. Use those simplified shapes to get an idea of the relative size of other parts of the body

Notice that I've maintained the **basic** integrity of each shape, but have exaggerated or reduced their size to emphasize the sense of perspective and push the camera angle.

This kind of controlled distortion helps push depth while keeping the overall structure readable and cohesive.

I also try to keep the **symmetry lines** in mind.

By doing this. I can maintain rhythm by linking those lines into longer, continuous relational flows.

This approach helps unify separate parts of the figure and reinforces a sense of movement and cohesion throughout the pose.

Honestly props to WotC for at least attempting to get the mono blue players to attack people instead of durdling and drawing cards until they assemble, as you said, "the world's sleepiest combo"

The Ambush

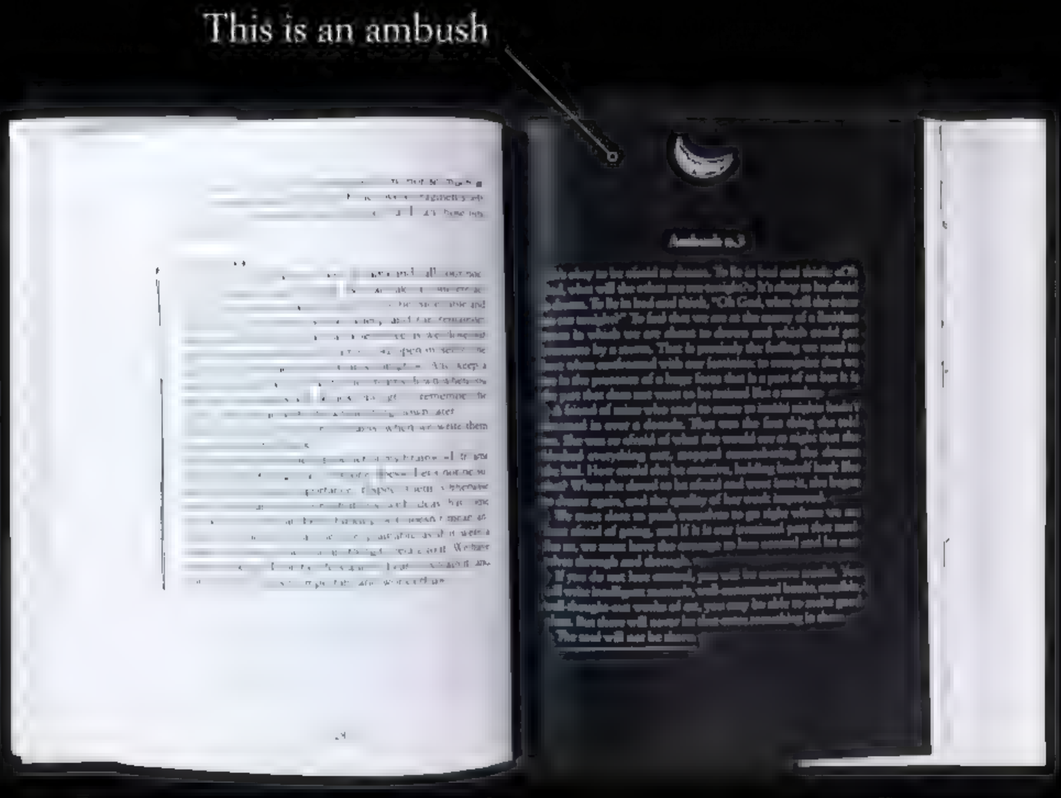
* What is an ambush???



An ambush is a wake-up call

When you least expect it, you'll turn the page and bam! A small jolt, a trip-up, a way to keep you on your toes and make you confront your limits, pushing you to delve deeper into creative life.

The Ambush

Whaaat? Did you really believe a brainstorming session or some other methods would be enough?

It won't be that simple. Haha.

You need to learn to dive in. There is no other way. That is what creatives do. They learn how to go deeper and deeper and confront uncertainty.

Are you willing to do it?

I WANT IT

Index

PART I: TO DEMOLISH

We will discard old systems, catchphrases, and preconstructed ideas until we realize that everything is possible.

PART II: TO AWAKEN

Looking inward: through a series of exercises, we will dismantle ourselves, our mechanisms, our structures, and our masks.

PART III: STRUCTURE

How does creativity work? How can we train ourselves to have more ideas and more discipline to follow them? We'll learn that!

PART IV: PROCESS

I will show you my creative process, how to apply it, and how to dismantle it in order to build your own.

PART V: FAITH

We will learn how to deal with the creative discomfort and the uncertainty. This is crucial for leading a successful creative life.

PART VI: TO EXPAND

Here we need to move on to the next stage. We'll see how to connect the internal and external and expand into the world.

PART VII: RANDOM LESSONS IN CREATIVITY

This is a bonus: some lessons about dealing with creative teams, money issues, etc.

Why should I read this book?

If you **FEEL STUCK** with a project, **WANT TO CHANGE YOUR CAREER** but can't find the energy, or simply **AREN'T HAPPY** with what you are doing, then the answer is yes: you should really read it.

This book is designed to push you beyond your boundaries.

You will learn to:

- open up to your intuition and always **GET FRESH IDEAS**;
- **BE DISCIPLINED** and bring your projects to life;
- **BE SUCCESSFUL** and satisfied in what you do;
- have **CLARITY** regarding what to do next;
- ambush yourself to truly **EXPRESS WHO YOU ARE**;

"Matteo, you have created, in the form of a book: a Mentor, a Teacher, a Friend, a Parent, a Guide. It has been a journey that transcends creativity, unless we consider ourselves as pure creativity!"

Lorenzo Iacovone, Beta Reader of *The Creative Ambush*

Is this book for me?

The Creative Ambush is for everyone who wants to feel creative and pursue the creative path: a **PROFESSIONAL** (art director, designer, illustrator, painter, writer, sculptor, etc.), or simply a **CREATIVE SOUL**

If you feel a burning desire, a fire that you want to feed and release upon the world, this is the book for you.

You can be creative.
Don't let anyone tell you otherwise.

And if you don't feel creative, you can always change your mind.

frazettagirls "My recommendation to young artists is stay loose. Don't worry about making mistakes. Have fun. Have a ball. Get excited, work yourself up; feel the excitement of creation! If you approach your art gingerly, with fear and timidity, you'll never find yourself. Go ape! Go crazy! Mistakes can be corrected. Certain tricks can help you see your work more clearly. For example, turn it upside down. Get a whole other look at it. Or use a mirror even. See it in reverse. The idea is to see it from a different perspective. It may sound gimmicky, but tricks like these work." ~ Frank Frazetta #FrazettaGirls

We are not creative because of the number of ideas we cram in our box, but because of the ones we have the desire to bring to life.

Breakdown n.7

We are not factories. Let's break away (now! immediately!) from the concept that quantity is always synonymous with abundance. Our creative abundance is not quantifiable. Let's decide to stop allowing the Giovannis in our lives to make us feel less than worthy.

We are not less than anyone.

The only person to which we owe something is ourselves.

Let's start!

Grab a piece of paper and do something that establishes and reinforces your will. Write:

I am a creative spirit.
I have no patterns and no limits.
I want to expand and break out into this world.

Fold this piece of paper, put it under your pillow, in your jacket pocket, in your desk drawer. Let it work.

THE CREATIVE AMBUSH

A Course in Creativity

the direction in which they are setting sail. Will they pop a bottle or will they get depressed?

But more importantly, and this I think is the core of it all, how much time and energy do we waste doing what we don't really want to do?

How exhausted do Luigi and Carlo get working on a project they don't love? How exhausted would I have been with that useless job, or if I had gone to Rome? How much energy would I have had to use to say no in that moment? Phew. I can hardly even think about it.

The big problem is that when we commit to doing something we don't want to do with our whole self, 100 percent, we end up paying for it dearly.

word is "alive" but they don't say it. They don't dare. They prefer using "rested."

I learned the difference between fatigue and intensity when I told my Teacher, "I'm writing in the evenings and working

during the day. It's tiring," and she said, "Careful. If it's tiring, there's something wrong with it. Otherwise it is *intense*."

When the work is intense you can tell because it generates energy. One thing is to spend an amazing evening, having the time of your life, and the next morning you're devastated in bed, smiling because the exhaustion you feel is a good one, it is the result of a healthy and happy outlet. Another thing is to wake up and want to curl up because you feel that life is slipping through your fingers and you're doing nothing to prevent it from happening.

and slightly crazy laugh. We treasure that vibration so we can avoid being wrong again: we were able to be creative, and we felt it. Every time we don't feel that way, there is no question about it: we are not as creative as we could have been!

Now, let's talk about the most uncomfortable part: how come we didn't feel creative enough? Let's do some soul searching.

what was our advantage in not being creative? Laziness? Did we not care about the project? Did we feel bored? Let's try writing down three or four reasons, then ask ourselves if they are good enough reasons for doing things half-heartedly. Let's also accept that the important thing is taking responsibility for the way we are or are not creative, also because complaining is a super non-creative attitude. Haha!

The following bullet points are the most common issues I have encountered both in me and in friends, colleagues, and acquaintances, and they serve to wake us up, to put us up against the wall, under scrutiny, to blow off the arrogance and excuses, to help us see where we are lacking and why.

1) I don't feel creative enough

A co-worker and friend of mine came to me, sad and hunched over, and she told me that she didn't feel creative enough. She said this as she groveled, feeling sorry for herself and for me since I was the one paying her salary at the time. The first temptation was to put my hand on her shoulder and say, "Poor child, what's wrong? Where did you get stuck?" Basically, I wanted to feel sorry for her. Thankfully, I stopped myself from being paternalistic. I withdrew my hand and told her, "If you don't feel creative enough, it means you're not." She didn't fall apart, she knew that already. She blinked a couple of times, then she stopped playing the victim and nodded.

If we do not feel creative enough, it means at that moment we are not creative.

When I was working on intùiti's Kickstarter campaign, in February 2013, I slept two or three hours a day for about a month. I looked crazy. The barista at my favorite coffee shop used to tell me that I looked like a skeleton, yet, despite the obvious physical and mental strain, I felt electric, vibrant, strong and happy. It was nothing like the next experience, when I worked half the time and was basically depressed.

This is the core of it all. Let's pay attention to the difference between tiredness and depression. In the first instance we jump into bed, we sleep like babies, and we wake up feeling new. In the second case we exist inside some sort of night-mare: we notice because we don't really want to do anything,

It can be easy to overthink and get discouraged when so.ething you want dosent work.

Remembering simplicity and basics leads to better progress and results.

May not look like much, but I'm happy. 🎨🙏

Nah this is good action work keep at it. This is the real meat and potatoes of art. Action work. You should find a way to watch the first episode of Lazurus I think you will appreciate the action. It's like 28 minutes of action sequence and inspiration

mrjasonowilson I don't use board breaking to teach boys self-defense — I use it to ignite a breakthrough mindset.

Everyone has emotional and mental barriers, and breaking through them isn't without pain.

There will be moments in life where, no matter your effort, it feels like you just can't break through.

That moment isn't failure — it's formation.

If you have the faith to believe you can, the focus to stay on target, the fortitude to endure the pain, and the follow-through to finish — you will overcome every barrier in your way.

Man, this song is built different.

Initially when Fabvl said he was swearing on this track, I got a little leery as to how it would turn out.

The more I listen, the more it grows on me. The production is insane!

@FabvLMusic is truly special. Amazing run you're on.🎶

Let's start!

Grab a piece of paper and do something that establishes and reinforces your will. Write·

I am a creative spirit
I have no patterns and no limits
I want to expand and break out into this world.

Fold this piece of paper, put it under your pillow, in your jacket pocket, in your desk drawer. Let it work.

frazettagirls “My recommendation to young artists is stay loose. Don’t worry about making mistakes. Have fun. Have a ball. Get excited, work yourself up; feel the excitement of creation! If you approach your art gingerly, with fear and timidity, you’ll never find yourself. Go ape! Go crazy! Mistakes can be corrected. Certain tricks can help you see your work more clearly. For example, turn it upside down. Get a whole other look at it. Or use a mirror even. See it in reverse. The idea is to see it from a different perspective. It may sound gimmicky, but tricks like these work.” – Frank Frazetta #FrazettaGirls

mrjasonowilson I don’t use board breaking to teach boys self-defense — I use it to ignite a breakthrough mindset.

Everyone has emotional and mental barriers, and breaking through them isn’t without pain.

There will be moments in life where, no matter your effort, it feels like you just can’t break through.

That moment isn’t failure — it’s formation.

If you have the faith to believe you can, the focus to stay on target, the fortitude to endure the pain, and the follow-through to finish — you will overcome every barrier in your way.

THIS, THIS IS why I get upset when people say "there was no consequences " or "no one significant died" and etc.

It isn't always about lives lost, but how blows were affected before, during and after the war that gives characters essence and this is a perfect example.

Thank you so much!

mrjasonowilson I don't use board breaking to teach boys self-defense — I use it to ignite a breakthrough mindset.

Everyone has emotional and mental barriers, and breaking through them isn't without pain.

There will be moments in life where, no matter your effort, it feels like you just can't break through.

That moment isn't failure — it's formation.

If you have the faith to believe you can, the focus to stay on target, the fortitude to endure the pain, and the follow-through to finish — you will overcome every barrier in your way.

frazettagirls “My recommendation to young artists is stay loose. Don’t worry about making mistakes. Have fun. Have a ball. Get excited, work yourself up; feel the excitement of creation! If you approach your art gingerly, with fear and timidity, you’ll never find yourself. Go ape! Go crazy! Mistakes can be corrected. Certain tricks can help you see your work more clearly. For example, turn it upside down. Get a whole other look at it. Or use a mirror even. See it in reverse. The idea is to see it from a different perspective. It may sound gimmicky, but tricks like these work.” – Frank Frazetta #FrazettaGirls

Let's start!

Grab a piece of paper and do something that establishes and reinforces your will. Write:

I am a creative spirit.
I have no patterns and no limits.
I want to expand and break out into this world.

Fold this piece of paper, put it under your pillow, in your jacket pocket, in your desk drawer. Let it work.

My statement is found here and this is the truth. The relationship in question was 100% consensual.

At this juncture I am electing to step aside temporarily from my ESPN duties.

I will be devoting this time to my family, and responding and dealing with these false and disruptive allegations set against me. I plan to return to ESPN at the start of the NFL preseason.

I sincerely appreciate the overwhelming and ongoing support I have received from my family, fans, friends and colleagues.

What savage wild Pokémon would be a white Only fans model?

Jellicent would be the savage wild Pokémon that's a white OnlyFans model. It's officially white in Pokémon games, with an ethereal, alluring design that screams beauty. Its savage side comes from absorbing souls and thriving on negative emotions, as its Pokédex entries note. This mix of charm and danger fits the metaphor perfectly. While Froslass is a close contender with its icy allure and prey-freezing habits, Jellicent's soul-drinking edge makes it the top pick for this playful comparison.

Phosphex Weapons were deadly incendiaries which usually take the form of a bomb or artillery shell containing a corrosive, toxic and flammable compound originally called phosphex that is nearly impossible to extinguish short of exposure to the void. They were used at times by the Imperial military forces of the Great Crusade and Horus Heresy eras in the late 30th and early 31st Millennia and were considered weapons of mass destruction.

Thankfully these rare and deadly armaments, now known as Phosphor Weapons, are used very sparingly within the arsenals of the Imperium of Man's military forces in the 41st Millennium, as only a limited and irreplaceable stock remains deployed among the Skitarii of the Adeptus Mechanicus and the siege armies of the Astra Militarum.

Tap and sac a creature, but exile it instead of putting it into your graveyard. Return a random creature card from your graveyard to the battlefield, then put the creature exiled this way into your graveyard.

Shivam Bhatt @shivambhatt.... 13h

Your first commander and most recent commander are now a partner card like in March of the Machine! Who are they and what do they do? Mine are grimgrin and the council of four, which is probably an unholy mess. When you attack, op sacs a creature and draws a card, and you get a 2/2 zombie knight?

Nothing but sling, sling, sling spells! Was chaotic but had so much fun.The discounts would be insane and just get out of hand.

Thanks for another art idea!

HELLO OUT THERE!

HEY!

YES, YOU!

ARE YOU PAYING ATTENTION?

LISTEN... . IF IT'S THE ONLY WAY TO PROVE I DESERVE A SECOND SEASON...WELL, GUESS I'LL DO IT FOR YOU.

FANS WANT IT.

AND I DO OWE YOU A SHOW...

KNOCK! KNOCK!

I'M ABOUT TO PULL OFF SOMETHING EVEN DEADPOOL CAN'T DO!

DON'T MAKE ME REGRET THIS, ALRIGHT?!

ARGHH! YOU ASKED FOR IT! NOW LET'S SEE DEADPOOL EVEN TRY TO MATCH THESE UNSTOPPABLE TITS!

FEAST YOUR EYES ON THESE LUSCIOUS, BOUNCY MILKERS IN ALL THEIR GREEN GLORY! SHE-HULK IS HORNY!

ARRGHH!

ALRIGHT, JEN, KEEP 'CORRECTING' THE FIRST SEASON'S MAJOR OVERSIGHT!

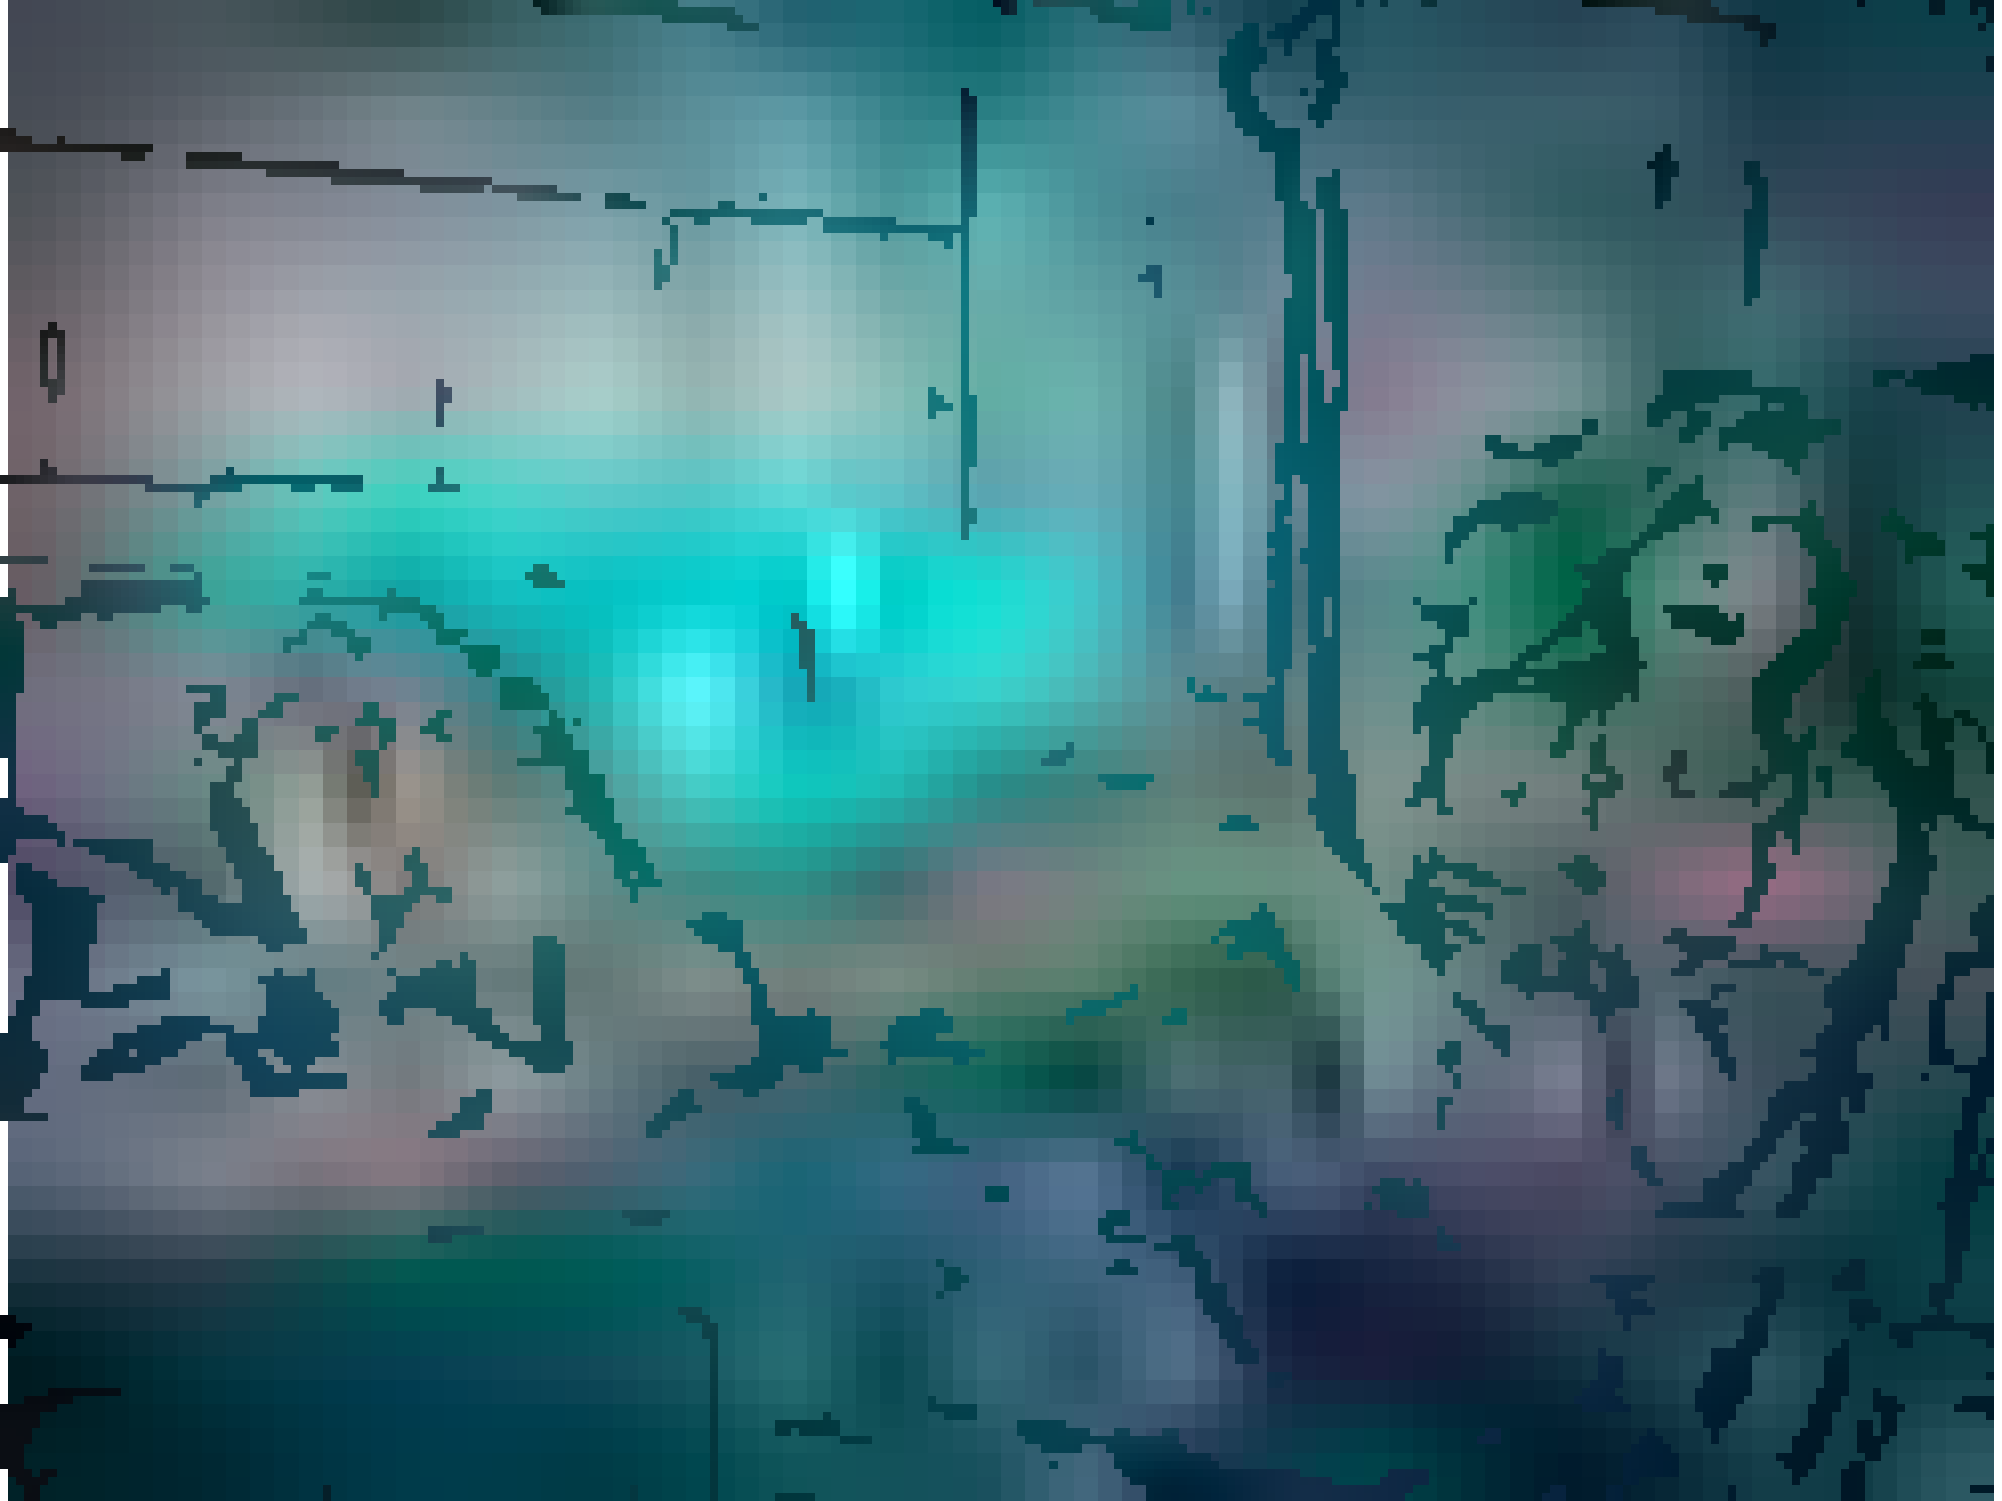
NICE BOOBS! NO NEED TO HIDE THEM UNDER SPANDEX! SO BIG AND NATURAL-BIGGEST TITS I HAVE SEEN!

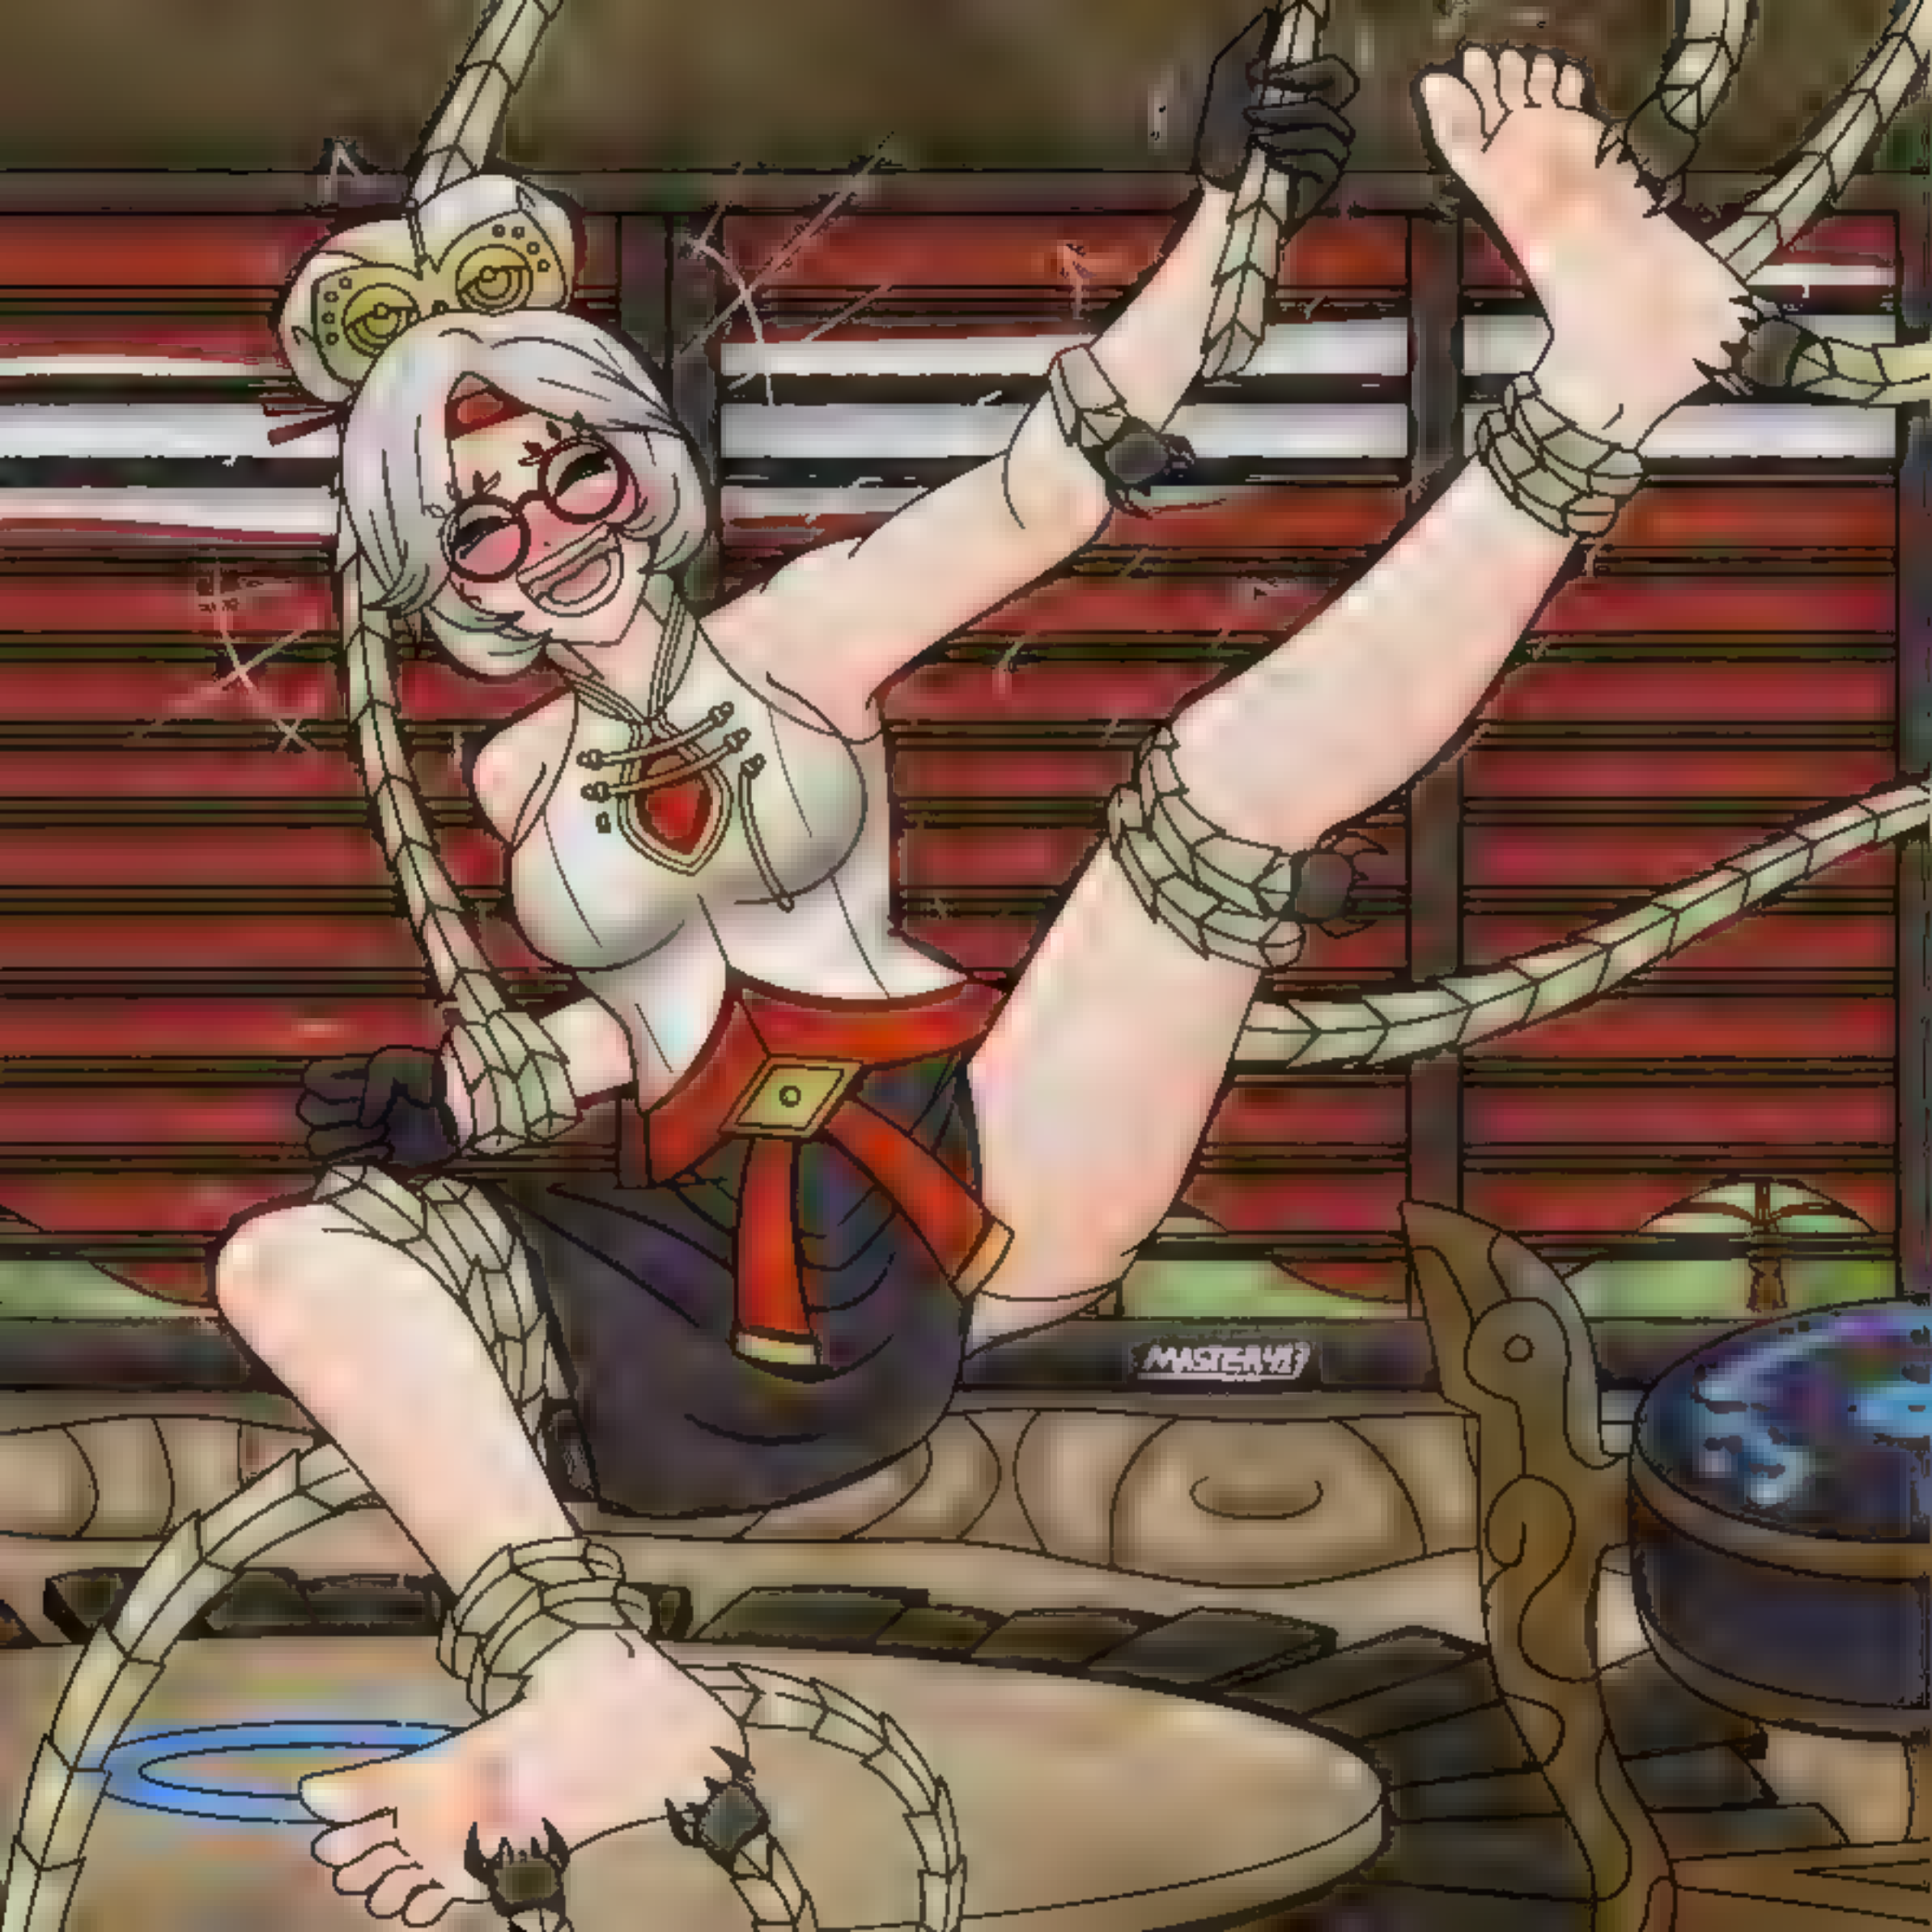
AT LAST! THIS IS EXACTLY WHAT YOUR FIRST SEASON WAS MISSING.

IF YOU'D DONE THAT IN EPISODE ONE, WE'D ALREADY BE ON SEASON THREE BY NOW!

BUT IT'S DEFINITELY TIME TO LET THAT MASSIVE GREEN ASS TWERK AGAIN.

ONLY THIS TIME, I WANNA SEE THAT SKIRT AND THOSE PANTIES JUST GIVE UP AND SPLIT UNDER THE GLORIOUS PRESSURE OF YOUR HULKING GREEN BUTTOCKS!!!





MASTER

WELL, YOU HAVE A PLAYROOM IN YOUR WINE CELLAR!
OH, IT'S NOT A 'DUNGEON' SWEETIE! IT'S MY LITTLE HOBBY ROOM. NO ONE IS ALLOWED IN HERE ESPECIALLY NOT MY HUBBY!
YOU TIE THEM UP IN YOUR "NOT A DUNGEON"?
WELL, WE MOVE AROUND SO MUCH FOR MY HUSBAND'S WORK, BUT I AM ALWAYS THE PERFECT NEIGHBOR IN EVERY SINGLE TOWN WE LIVE IN. AND WHEN I FIND ANOTHER NEIGHBOR THAT THREATENS THAT TITLE
I BRING THEM HERE SO I CAN SWEETLY TICKLE TORTURE THEM UNTIL THEY LEARN THEIR PLACE IN THE NEW PECKING ORDER
I'M AFRAID SO NOW, ARE YOU READY TO
